Our mission:

To create the highest quality academic and educational resources and services and to make them available across the world

The Changing Reporting Landscape

- As an industry, we *standardized value reporting* for librarians two decades ago*
- This has been a relatively simple 1-to-1 reporting landscape
- But today, the value reporting landscape has fragmented
- The principle remains that *where there are payments, there needs to be accountability*

*Project COUNTER – formed in 2003
